Dear Sir:

RECEIVED
NOV 28 2003
TECHNOLOGY CENTER R3700

In response to the Detailed Action notice mailed on May 15, 2003.

REMARKS

Favorable consideration of the present application is respectfully solicited.

Title Objection

The applicant has amended the title on the cover page and in the specification as shown in the marked-up pages attached hereto as Exhibit A.

Applicant submits that new title does not represent new matter and therefore should be entered. The title is supported by the entirety of the original specification.

Abstract Objection

The applicant has amended the abstract as shown in the marked-up page attached hereto as Exhibit A.

Applicant submits that new abstract does not represent new matter and therefore should be entered. The abstract is supported by the entirety of the original specification.
